INFORMATION LITERACY AND DIGITAL L ERIC

INTRODUCTION Every public services librarian knows intuitively that there is a close relationship between information literacy and digital literacy.

Understanding the Importance of Information Literacy ...

Step Five: Assess Your Information Literacy. Because the concept of information literacy is still new, it's difficult to really gauge how information literate we actually are. As we continue to develop new ways to improve our information literacy, the concept itself is sure to become more defined. In the meantime, there are several ways for you to test and improve your information literacy.

Versus and or: The relationship between information ...

Jennifer, You've hit the nail on the head. Information literacy is the larger circle, of which digital literacy is a subset, burgeoning though it may be.
